**Committee Reports:**

Building and Grounds Committee

Jerry Spiegel was able to correct the thermostat to better accommodate the temperature in the Church.

Mike Brehm presented a bid of \$1265 from Mark Riniker to replace the roof on the Rectory porch, which is leaking. It was passed unanimously to move forward with this project. The committee, also, reviewed other possible improvements. However, funds are at a minimum to apply to any other projects at this time.

**Old Business:**

We will be expecting a recommendation from the Finance Committee in January to begin the phone campaign to increase parishioner contributions.

**New Business:**

Jennifer Weber attended to discuss a new fundraising idea. She would like to organize a garage sale with items to be donated by parishioners. Possibly, this could be scheduled during the City-wide garage sales. In addition, it will be considered to have a bake sale and/or food stand. Fr. Kuhn moved to go forward with this idea and the motion was seconded by John Lembezeder. Jennifer will be the chairperson for this event.

Fr. Kuhn asked that the Parish Council be available to help with the Community Center set-up for the Christmas services. Setup will start at 6:00pm on Dec. 23<sup>rd</sup>.

Fr. Kuhn announced that the Parish Council Christmas Party will be on Sunday, Dec. 27<sup>th</sup> at Timberline, beginning at 6:00pm. Dinner will be served at 7:00pm.

Fr. Kuhn made a motion to adjourn the meeting. It was seconded by Sr. Kent.

**Next Meeting - January 11, 2009 @ 7pm**

Respectfully Submitted,
